

Society for Landscape Studies

The Society for Landscape Studies was founded in 1979, with the aim of advancing public education by promoting the study of the landscape in all its aspects. It achieves this aim by:

- Fostering interest in research and fieldwork.
- Publishing material relevant to the understanding of landscape evolution, particularly through its respected journal *Landscape History*.
- Holding conferences, seminars and field meetings.

Landscape History is the international refereed journal of the Society. It offers a common meeting-ground for all concerned with the material and cultural evaluation of human use of the land. The ultimate intention is to secure a more penetrating comprehension of landscape evolution and an overall narrative account of landscape prehistory and history, together with an understanding of how this has influenced, and may usefully guide the management of, the present-day landscape.

Members receive:

- Two issues annually of *Landscape History*, and online access to the journal.
- Two issues annually of the Society newsletter, which provides a forum for the exchange of members' views, and a means of keeping in touch with the latest developments in the field of landscape studies.
- Discounted rates for attendance at the Society's annual conference and field meetings.

SOCIETY FOR LANDSCAPE STUDIES

How to join

Annual subscription

The annual subscription rate is **£30** for individuals and families.

Family membership is available to two members of one family living at the same address, who will jointly receive one copy of each edition of *Landscape History* and the newsletter.

The annual subscription runs from 1 January until 31 December each year. Members joining during the year receive all the publications for that calendar year.

How to pay

The best way to pay your subscription is to make an annual payment to the Society by setting up a standing order with your bank. If you can do this, or would like to make a single online payment for one year, the Society's account details are:

Account name: **Society for Landscape Studies**

Sort Code: **30-92-63** Account Number: **01486501**

Alternatively, you can send a cheque payable to **Society for Landscape Studies**.

Please 'Gift Aid' your subscription

The Society is a registered charity, and so if you are a UK taxpayer the Gift Aid scheme allows us to reclaim the tax that you have already paid on your subscription. This means that the value of your subscription is considerably increased, but at no cost to you. All you have to do is to complete and sign the declaration, which will also cover all your future subscription payments, and any donations that you may make to the Society.

The amount of tax that you pay in any one tax year needs to be at least equal to the total amount that will be reclaimed on all your Gift Aid donations. You should not make a declaration if you are claiming your subscription as an expense against tax.

Protecting your data

The Society for Landscape Studies is a registered data user under the Data Protection Act 1984, and is committed to upholding the eight Data Protection Principles of good information handling practice.
